Columbia University Skills Verification Form

Instructions

Add a skill and match it to a class. Check the course description for the year in which the class was taken for each skill that you have been asked to verify. Each skill must be found in either the course description or the syllabus. (Required material, assignments, and lectures are not to be considered).

Email this form along with other required items listed on the Skills Verification Letter Request web page to the ISSO.

Student requesting Skills Verification Letter
